

LEGEND

Risk of encroachment into Protected Areas

- Low risk: farm unit does not overlap a Protected Area.
- Medium risk: farm unit overlap a "Go" Protected Area.
- High risk: farm unit overlap a "No Go" Protected Area.

Protected Areas

- "No Go" : strictly protected high conservation area. Agricultural production is not allowed under applicable law.
- "Go" : Protected Area where certain regulated economic and agricultural activities are allowed under specific conditions (specified in the applicable law)

*For more information about the methodology please check the "Guidance D: Geolocation and Farm Maps" on www.rainforest-alliance.org
